Child Safe Policy

At Foster Primary School we believe that Everyone Can Learn to Learn and we are Our Best Always.
In support of this we have a zero tolerance to child abuse

Rationale:

All Victorian schools are required to have a child safety policy or statement of commitment to child safety that details:

- the principles that will guide the school in developing policies and procedures to create and maintain a child safe school environment; and
- the actions the school proposes to take to:
  - demonstrate its commitment to child safety and monitor the school's adherence to its child safety policy;
  - support, encourage and enable school staff, parents, and children to understand, identify, discuss and report child safety matters; and
  - support or assist children who disclose child abuse, or are otherwise linked to suspected child abuse.
- Ensure that child safety is considered in the recruitment, selection and management of staff (includes contractors and volunteers)

Ministerial Order No. 870 (available at www.vrqajic.gov.au/childsafe) states that Child abuse includes –

- Any act committed against a child involving –
  - A sexual offence or
  - An offence under section 49 B (2) of the Crimes Act 1958 (grooming)

- The infliction, on a child, of –
  - Physical violence or
  - Serious emotional or psychological harm

- Serious neglect of a child.

Our children

This policy is intended to empower children who are vital and active participants in our organisation. We involve them when making decisions, especially about matters that directly affect them. We listen to their views and respect what they have to say.

We promote diversity and tolerance in our organisation, and people from all walks of life and cultural backgrounds are welcome. In particular we:

- promote the cultural safety, participation and empowerment of Aboriginal children
- promote the cultural safety, participation and empowerment of children from culturally and/or linguistically diverse backgrounds
• ensure that children with a disability are safe and can participate equally.

**Our staff and volunteers**

This policy guides our staff and volunteers on how to behave with children in our organisation.

All of our staff and volunteers must agree to abide by our code of conduct which specifies the standards of conduct required when working with children. All staff and volunteers, as well as children and their families, are given the opportunity to contribute to the development of the code of conduct.

**Training and supervision**

Training and education is important to ensure that everyone in our organisation understands that child safety is everyone’s responsibility.

Our organisational culture aims for all staff and volunteers (in addition to parents/carers and children) to feel confident and comfortable in discussing any allegations of child abuse or child safety concerns. We train our staff and volunteers to identify, assess, and minimise risks of child abuse and to detect potential signs of child abuse.

We also support our staff and volunteers through ongoing supervision to: develop their skills to protect children from abuse; and promote the cultural safety of Aboriginal children, the cultural safety of children from linguistically and/or diverse backgrounds, and the safety of children with a disability.

New employees and volunteers will be supervised regularly to ensure they understand our organisation’s commitment to child safety and that everyone has a role to play in protecting children from abuse, as well as checking that their behaviour towards children is safe and appropriate (please refer to this organisation’s code of conduct to understand appropriate behaviour further). Any inappropriate behaviour will be reported through appropriate channels, including the Department of Health and Human Services and Victoria Police, depending on the severity and urgency of the matter.

**Recruitment**

We take all reasonable steps to employ skilled people to work with children. We develop selection criteria and advertisements which clearly demonstrate our commitment to child safety and an awareness of our social and legislative responsibilities. Our organisation understands that when recruiting staff and volunteers we have ethical as well as legislative obligations.

We actively encourage applications from Aboriginal peoples, people from culturally and/or linguistically diverse backgrounds and people with a disability.

All people engaged in child-related work, including volunteers, are required to hold a Working with Children Check and to provide evidence of this Check. Please see the [Working with Children Check website](http://www.workingwithchildren.vic.gov.au) for further information.

We carry out reference checks and police record checks to ensure that we are recruiting the right people. Police record checks are used only for the purposes of recruitment and are discarded after the recruitment process is complete. We do retain our own records (but not the actual criminal record) if an applicant’s criminal history affected our decision making process.

If during the recruitment process a person’s records indicate a criminal history then the person will be given the opportunity to provide further information and context.

**Fair procedures for personnel**

The safety and wellbeing of children is our primary concern. We are also fair and just to personnel. The decisions we make when recruiting, assessing incidents, and undertaking disciplinary action will always be thorough, transparent, and based on evidence.
We record all allegations of abuse and safety concerns using our incident reporting form, including investigation updates. All records are securely stored.

If an allegation of abuse or a safety concern is raised, we provide updates to children and families on progress and any actions we as an organisation take.

**Privacy**

All personal information considered or recorded will respect the privacy of the individuals involved, whether they be staff, volunteers, parents or children, unless there is a risk to someone’s safety. We have safeguards and practices in place to ensure any personal information is protected. Everyone is entitled to know how this information is recorded, what will be done with it, and who will have access to it.

**Legislative responsibilities**

Our organisation takes our legal responsibilities seriously, including:

- **Failure to disclose**: Reporting child sexual abuse is a community-wide responsibility. All adults in Victoria who have a reasonable belief that an adult has committed a sexual offence against a child under 16 have an obligation to report that information to the police.

- **Failure to protect**: People of authority in our organisation will commit an offence if they know of a substantial risk of child sexual abuse and have the power or responsibility to reduce or remove the risk, but negligently fail to do so.

- Any personnel who are mandatory reporters must comply with their duties.

**Risk management**

In Victoria, organisations are required to protect children when a risk is identified (see information about failure to protect above). In addition to general occupational health and safety risks, we proactively manage risks of abuse to our children.

We have risk management strategies in place to identify, assess, and take steps to minimise child abuse risks, which include risks posed by physical environments (for example, any doors that can lock), and online environments (for example, no staff or volunteer is to have contact with a child in organisations on social media).

**Regular review**

This policy will be reviewed by School Council annually and following significant incidents if they occur. We will ensure that families and children have the opportunity to contribute. Where possible we do our best to work with local Aboriginal communities, culturally and/or linguistically diverse communities and people with a disability.

---

1 See resource seven in this toolkit.

2 A person will not commit this offence if they have a reasonable excuse for not disclosing the information, including a fear for their safety or where the information has already been disclosed.

Further information about the failure to disclose offence is available on the [Department of Justice and Regulation website](http://www.justice.vic.gov.au/home/safer+communities/protecting+children+and+families/failure+to+disclose+offence).

3 Further information about the failure to protect offence is available on the [Department of Justice and Regulation website](http://www.justice.vic.gov.au/home/safer+communities/protecting+children+and+families/failure+to+protect+offence).

4 Mandatory reporters (doctors, nurses, midwives, teachers (including early childhood teachers), principals and police) must report to child protection if they believe on reasonable grounds that a child is in need of protection from physical injury or sexual abuse. See the Department of Health and Human Services website for information about how to make a report to child protection [here](http://www.dhs.vic.gov.au/about-the-department/documents-and-resources/reports-publications/guide-to-making-a-report-to-child-protection-or-child-first).

---

Ratified by School Council Child Safe policy August 2016   To be Reviewed Annually or following an incident
Allegations, concerns and complaints

Our organisation takes all allegations seriously and has practices in place to investigate thoroughly and quickly. Our staff and volunteers are trained to deal appropriately with allegations.

We work to ensure all children, families, staff and volunteers know what to do and who to tell if they observe abuse or are a victim, and if they notice inappropriate behaviour.

We all have a responsibility to report an allegation of abuse if we have a reasonable belief that an incident took place (see information about failure to disclose above).

If an adult has a reasonable belief that an incident has occurred then they must report the incident. Factors contributing to reasonable belief may be:

- a child states they or someone they know has been abused (noting that sometimes the child may in fact be referring to themselves)
- behaviour consistent with that of an abuse victim is observed
- someone else has raised a suspicion of abuse but is unwilling to report it
- observing suspicious behaviour.

The child safe standards referred to throughout this policy are as follows:

- **Standard 1:** Strategies to embed an organisational culture of child safety, including through effective leadership arrangements
- **Standard 2:** A child safe policy or statement of commitment to child safety
- **Standard 3:** A code of conduct that establishes clear expectations for appropriate behaviour with children
- **Standard 4:** Screening, supervision, training and other human resources practices that reduce the risk of child abuse by new and existing personnel
- **Standard 5:** Processes for responding to and reporting suspected child abuse
- **Standard 6:** Strategies to identify and reduce or remove risks of child abuse
- **Standard 7:** Strategies to promote the participation and empowerment of children.

Guidance and information to assist services to understand the requirements of each of the child safe standards, is available on the [Department of Health and Human Services website](http://www.dhs.vic.gov.au/__data/assets/word_doc/0005/955598/Child-safe-standards_overview.doc).

Child Safe Standard 3: Acceptable and Unacceptable Behaviours

Principles for adult’s behaviour in undertaking child-connected work

Some simple principles should guide an adult’s behaviour when undertaking child-connected work such as:

- the adult/child relationship should be professional at all times

---

• an adult’s response to a child’s behaviour or circumstance should be commensurate with the child’s age and vulnerability and the adult’s responsibility for the care, safety and welfare of the child
• an adult should not be alone with a child unless there is line of sight to other adults
• an adult should not initiate or seek physical contact or contact with children outside school.

Acceptable and unacceptable behaviours

The followings lists provide examples of statements about acceptable and unacceptable behaviours which could be included in a school’s code of conduct. The lists are not intended to be exhaustive, but may assist schools when customising their codes of conduct to the expectations and needs of their own communities.

Acceptable behaviours

All staff, volunteers and board/school council members are responsible for supporting the safety of children by:

• adhering to the school’s child safe policy and upholding the school’s statement of commitment to child safety at all times
• taking all reasonable steps to protect children from abuse
• treating everyone in the school community with respect
• listening and responding to the views and concerns of children, particularly if they are telling you that they or another child has been abused or that they are worried about their safety/the safety of another child
• promoting the cultural safety, participation and empowerment of Aboriginal and Torres Strait Islander children (for example, by never questioning an Aboriginal and Torres Strait Islander child’s self-identification)
• promoting the cultural safety, participation and empowerment of children with culturally and/or linguistically diverse backgrounds (for example, by having a zero tolerance of discrimination)
• promoting the safety, participation and empowerment of children with a disability (for example, during personal care activities)
• ensuring as far as practicable that adults are not alone with a child
• reporting any allegations of child abuse to the school’s leadership (or child safety officer if the school has appointed someone to this role)
• understanding and complying with all reporting obligations as they relate to mandatory reporting and reporting under the Crimes Act 1958
• reporting any child safety concerns to the school’s leadership (or child safety officer if the school has appointed someone to this role)
• if an allegation of child abuse is made, ensuring as quickly as possible that the child(ren) are safe
• reporting to the Victorian Institute of Teaching any charges, committals for trial or convictions in relation to a sexual office by a registered teacher, or certain allegations or concerns about a registered teacher.

Unacceptable behaviours

Staff and volunteers must not:

• ignore or disregard any suspected or disclosed child abuse
• develop any ‘special’ relationships with children that could be seen as favouritism (for example, the offering of gifts or special treatment for specific children)
• exhibit behaviours with children which may be construed as unnecessarily physical (for example inappropriate sitting on laps)
• put children at risk of abuse (for example, by locking doors)

Ratified by School Council Child Safe policy August 2016  To be Reviewed Annually or following an incident
• initiate unnecessary physical contact which children or do things of a personal nature that a child can do for themselves, such as toileting or changing clothes

• engage in open discussions of a mature or adult nature in the presence of children (for example, personal social activities)

• use inappropriate language in the presence of children

• express personal views on cultures, race or sexuality in the presence of children

• discriminate against any child, including because of age, gender, race, culture, vulnerability, sexuality, ethnicity or disability

• have inappropriate contact with a child or their family outside of school

• have any online contact with a child (including by social media, email, instant messaging etc) or their family (unless necessary eg by providing families with e-newsletters or assisting students with their school work)

• use any personal communication channels/device such as a personal email account

• exchange personal contact details such as phone number, social networking sites or email addresses

• photograph or video a child without the consent of the parent or guardians

• work with children whilst under the influence of alcohol or illegal drugs

• consume alcohol or drugs at school or at school events in the presence of children.
