

Lemon Cordial

Ingredients

2 cups sugar

1 ½ cups water

2 cups lemon juice

3 teaspoons citric acid

Method

Juice Lemons until you have 2 cups of liquid.

Place sugar, water and lemon juice in a medium saucepan.

Cook, stirring every now and then, over a high heat until the sugar dissolves and the syrup comes to the boil.

Reduce heat to medium low and simmer for 20 minutes or until the syrup thickens slightly and sticks to the spoon a bit.

Stir in the citric acid.

Strain into sterilised bottles.
