

# REMOTE LEARNING SUPPORT

**A program that provides support to parents and carers with children learning at home**

Manna Gum Community House is a Learn Local provider that services the Corner Inlet area of South Gippsland.

Current COVID-19 services include access to government services online, Centrelink and Medicare agency, Emergency Relief and referrals to support services.

Louisa Vale holds a Masters In Education with an emphasis on Adult Learning.

Louisa's role at Manna Gum is to support adults taking on new challenges in work and learning.

Louisa is already working with a number of families in the Corner Inlet area to offer day-to-day ideas and information.

No problem is unique, and no question is too silly to ask!

Louisa also has two primary school-aged children who are at home and even she sometimes feels like tearing her hair out!

- > Assisting parents to seek additional support during COVID-19 restrictions, such as social work, emergency relief, internet access and financial counselling
- > Assisting families to understand the WHY of the learning set for their children
- > Providing a 'debrief' for parents about their successes and failures at home – with a focus on the pressures of social media - no parent is perfect !
- > Providing telephone and online support to sort out top education sites/tools
