CLASSROOM NEWS

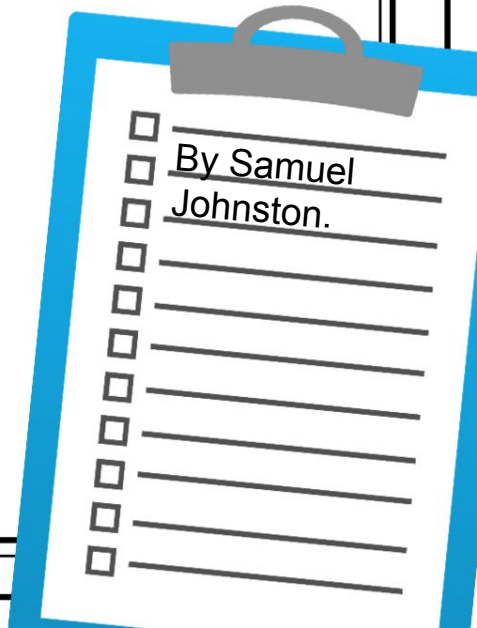
week of:

Spelling baseball is so much fun. First you get a partner and swap spelling books. Than someone fields and someone bats and you say spell good and if you get it right you go to first base.

Writing pen license

. We all get a pen license and you have a chart and when you write joined neat writing you get a sticker on your list.

We have not got any stickers yet.

Garden is so fun and you can do all sorts of jobs. Sometimes you get the best jobs. I love doing weeding and feeding the chickens.


Endangered animal project is where you research a animal and you write facts and words and predators. I did a cute numbat. My cute animal the numbat had 2 species of the numbat and one got extinct in 1960s and that was called the rusty numbat. Sadly the numbat is dying because of people shooting them and caching them.
