

TheirCare
where kids love to be!

2nd June 2022

Welcome to TheirCare *After School Care Program*

The weather is getting cooler, with the days getting shorter, telling us winter is well and truly here! It has been interesting to see the changes of colour in the leaves and watching the sun go down, reflecting off the colour of the trees.

This term we have focused on Autumn, using the leaves and other natural resources to create paintings, construction, stick people etc. Whilst children learnt the meaning of deciduous and why trees lose their leaves.

We also have been busy creating wonderful masterpieces to take home, exploring the outdoor space, playing snakes and ladders, checked out the Gagaspere pit, played games of Uno, Checkers and have been baking Anzac biscuits.

The program is focused on the children's interests and are asked daily what they would like to see. They are given a variety of choices to start the afternoon and then begin to work on our main experiences at their own leisure, this could be outdoors or indoors depending on what they choose and the weather.

A menu is prepared weekly for Afternoon tea, with a variety of seasonal fruit and vegies, followed by a small snack of biscuits, dips, toasties or a small warm meal such as pasta.

From the Coordinator!

When I walk into the school yard, it's fantastic to see the children happily playing with their friends, running around and laughing. Calling out and saying hello and asking what I'm doing here?

With some children following me up to the music room, telling me about their day.

If you haven't heard from your child about the TheirCare lady who walks in everyday at lunch play, then you may hear about me soon?

TheirCare is an After School and School Holiday program, where we provide stimulating and exciting activities for your children.

Throughout the sessions, children develop, life skills, friendships, confidence and creativity through play.

If you are needing after school care, please don't hesitate to give Nicky a call, I am happy to answer any questions you may have. 😊
